### **DETAILED ACTION**

1. The Applicants' amendment filed on January 31, 2005 was received. Claims 1-2 are amended. Claims 13-19 are added. Now, Claims 1-19 are pending.
2. Claim rejection(s) under 35 USC 112 in the previous Office Action (Paper No. 0904) is/are removed.
3. Claim rejection(s) under 35 USC 102 and 103 in the previous Office Action (Paper No. 0904) is/are removed.
4. The text of those sections of Title 35, U.S. code not included in this action can be found in a prior Office Action (Paper No. 0904).

### ***Claim Objections***

5. Claim 2 is objected to because of the following informalities:  
In Claim 2 (line 2), should "high molecular mass" be removed?  
Appropriate correction is required.

***Claim Rejections - 35 USC § 102***

6. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

7. Claims 1-2 and 15-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Saruwatari (JP 58-187444).

Saruwatari discloses a wax formulation comprising a paraffin wax, a low pressure polymerized polyethylene and a polyisobutylene. (page 1, lower left column and lower right column). The polyisobutylene can have a molecular weight of 1,000,000. (Examples and Table 1) The English translation of Saruwatari has been requested by Examiner. It will be available to Applicants later upon request.

8. Claims 3-14 and 17-19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 1712

9. Examiner has not received the English translation of JP 62-154555. It will be sent to Applicants' representative once it is available.

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
